Sixty-Sixth Annual Report

An Unending Story

THE Sixty-Sixth Year of the Presbyterian Hospital is another chapter in an unending story of service to the sick; the training of interns, residents, and student nurses; and research in many fields. Just as advances in any business result from extension of its usefulness, so the Presbyterian Hospital's accomplishments in 1948 reflect our effort to make the Hospital of greater value to more people in these three broad areas of activity.

In presenting this report for 1948 one cannot entirely escape the cumulative effect of past years as reflected in current achievements, nor anticipate the future without recognizing that it will in part be a projection of the present.

In the care of the sick the year 1948 recorded 14,483 admissions to hospital beds, the largest number in our history, with 1947 the previous high of 14,274. Patient days' care in 1948 amounted to 146,945, indicating an average stay in the general hospital, excluding maternity and pediatrics, of 11.7 days. Based on the number of adult admissions, each adult bed was occupied by 28 patients during the year, while in the Maternity Department each bed was occupied by 41 patients, and in the Pediatrics Department, 23 patients. The average daily census was 402.

In addition, 67,080 visits were made by 10,059 patients to Central Free Dispensary, the Outpatient Department of the Hospital. Of these visits, 44,229 were by patients who themselves made no contribution for their care. The cost of providing this service was met in part by welfare agencies which paid less than half the cost per visit, by a generous contribution from the Community Fund, and a substantial underwriting out of Hospital funds.

This continuing record of greater service to more patients was made possible by the loyal efforts of employees, student nurses, house staff and volunteers, to all of whom the Board of Managers wishes to record its sincere appreciation.

In addition to this continued demand for increased facilities in the Hospital, particularly for additional beds, the new Congress Street Improvement necessitates the early evacuation of the present Sprague Home for Nurses. For several years a Future Planning Committee of the Board of Managers has been developing a program for the building of a new nurses' residence and the enlargement of the Hospital. This program, which has been formulated with the continuous collaboration of both the Medical and Administrative Staffs, is now reaching completion and will shortly be submitted for final approval to the Board of Managers and various other in-

terested groups. It is hoped to finance the cost, which will be substantial, through a campaign for funds to be launched probably in the early Fall of 1949.

Unlike many types of business which have shown some decrease in demand for their product or service in recent months, the need for increased facilities for patients in Presbyterian Hospital has shown no diminution. Much of this can be attributed to the fact that people, on a purely voluntary basis and in typical American tradition, have provided themselves with insurance to meet the unexpected hospital expense when it occurs. Our own experience shows that approximately 50 per cent of the patients admitted to the Hospital now have health insurance of one form or another. We believe that this method should be encouraged because it perpetuates a voluntary system of medical service which has brought to the United States the highest level of care of any country in the world.

The combined operation of the Hospital, Central Free Dispensary, and the laboratory buildings of the Rush Medical College resulted in an excess income of \$27,322 over expenses, of which \$25,000 was applied as a final reimbursement to Endowment Funds of an advance made several years previous for the installation of new X-Ray equipment. The expense of operating the Hospital includes no charge for depreciation of buildings.

The final operating figures for 1948 are shown after an expenditure of \$209,842 in the care of free and part-pay patients, in the support of the Out-patient Department (Central Free Dispensary), and in the maintenance of the Rush Medical College properties where teaching and research programs are being carried on, but does not include any of the funds spent specifically on research. These gratifying results were made possible by the endowment income of the Hospital, the active interest and support of the Woman's Board, the Presbyterian Churches, and the many other friends of the Hospital, as shown in the detailed financial reports.

Memorials that Live in Service

Gifts to the Endowment Fund during the year aggregated \$324,940.13 and brought the total Endowment of the Hospital to \$7,194,345.88 as of December 31, 1948.

The allocation of Endowment Funds was as follows:

For Research and Education purposes	\$2,108,852.89
For Restricted Specific purposes	603,984.73
For General Purposes in the support of free and part free work, the Central Free Dispensary, etc.	4,481,508.26
	<u>\$7,194,345.88</u>

Included in the gifts for 1948 were three memorial rooms—the Oscar Remmer Room by the Oscar Remmer bequest of \$44,508; the completion

of the John M. Simpson Room endowment by John M. Simpson; and the David S. Bain Room by Minnie S. Bain whose total gifts of \$204,380 also provided for the naming of the David and Mary M. Bain Ward.

The will of William F. Bode left one-fourth of his estate, valued at \$11,794 to Dr. Herman L. Kretschmer, who turned this amount over to the Board of Managers with the understanding that the income be used for research in Urology.

From the estate of Dr. John Favill, former Chairman of the Department of Neuropsychiatry, an unrestricted gift of \$1,000 was received.

Following is a list of all gifts to the Endowment Fund received during the year:

Contributed directly to the Hospital—

Dr. Arthur Dean Bevan Estate	\$	126.30	
William F. Bode Endowment			
Dr. Herman L. Kretschmer		11,794.43	
Dr. John Favill Estate		1,000.00	
Eliza C. Hamill Estate		5,000.00	
Frederick T. Haskell Estate		23.18	
Alice Chapin May Estate		996.93	
Eugene R. Pike Estate		7,807.02	
Edith M. Reade Estate		20,658.36	
Mary E. Remmer Estate		7,037.18	
Oscar Remmer Estate		44,508.35	
Mrs. Edwin A. Seipp		498.00	
John M. Simpson		9,000.00	
			<hr/>
			\$108,449.75

Contributed through the Woman's Board—

Babies' Alumni Fund	\$	702.45	
Asa S. Bacon Endowed Nurse Fund		6,850.41	
Minnie S. Bain Estate			
David S. Bain Room	\$	2,500.00	
David S. Bain and Mary			
Moore Bain Ward		201,880.43	204,380.43
			<hr/>
Mary Byrne Fund		111.60	
Child's Free Bed (Cheer-Up Beds)		4,272.07	
Gladys Foster Endowed Nurse Fund			
Caroline W. Reynolds Estate		50.00	
Dr. David W. Graham Fund		123.42	
			<hr/>
			216,490.38
			<hr/>
			\$324,940.13
			<hr/>

In addition to being an important source of new Endowment Fund gifts, the Woman's Board has continued its record of service in numerous ways as summarized in the report of its activities which appears on another

page. This group, founded at the same time as the Hospital, again rendered inestimable service to the Hospital during 1948, and through its committee activities and monthly educational programs continues to be an important medium for keeping the churches and other friends informed about the work of the Hospital.

The School of Nursing had an enrollment of 196 students at the end of the year. Two classes were admitted in 1948 with the Fall group of 67 being one of the largest enrolled in peacetime. The Director of the School and the faculty are busy planning in detail all of the facilities to be provided in the new nurses' residence.

In 1948 the Hospital acquired and began to take possession of a 53 unit furnished apartment building located at 1940 Lincoln Avenue purchased by the Hospital in November, 1947. This building has provided excellent living accommodations for nurses and other professional employes and is in a most accessible location to the Hospital and within one block of Lincoln Park.

Early in 1948 we were saddened by the death of Mr. Lucius C. Hollister, who for several years had served as Chaplain in the Hospital. On recommendation of its Clerical members, the Board of Managers appointed as his successor the Rev. Louis W. Sherwin, D.D., who recently retired from an active pastorate of 17 years at the Highland Park Presbyterian Church. Rev. Sherwin began his ministry to the sick on October 1, 1948.

During the year there was lost through death Dr. Bert I. Beverly, Assistant Attending Pediatrician, who had been a member of the staff for 16 years. He had been particularly interested in the behavior problems of children and had made many contributions to the literature in this field. Death also claimed Dr. Frank W. Allin who had served on the Outpatient staff in the Central Free Dispensary for 44 years, rendering a quiet but effective service in the Nutrition Clinic of the Pediatric Department.

Teaching and Research Program

In the tradition of teaching and research which has always characterized the interest of the Hospital and the attending staff, there are currently 30 interns, 45 residents and five fellows and voluntary assistants—making a total of 80 young doctors who are receiving training in the Hospital, in the Outpatient Department and in the research facilities.

In addition and in cooperation with the University of Illinois College of Medicine, on whose faculty all of the Attending Staff of the Presbyterian Hospital are members, there was an average of 85 undergraduate medical students studying patients in the wards, the Outpatient Department and the laboratories.

The facilities for the Department of Medicine were completed in 1948, and a number of projects in research are now going on. There was also

completed as a joint effort with the Department of Surgery, a cardio-physiology laboratory in which heart catheterizations are performed as a diagnostic procedure. This laboratory has its own complete X-ray facilities.

The development of the facilities for the Department of Surgery is making rapid progress and when the final undertaking is consummated, it will mark the full completion of the program of providing new laboratories for research and teaching in surgery, medicine, pathology and biochemistry begun in 1946 on the top three floors of the Senn-Rawson buildings of Rush Medical College. The program providing these facilities and the eminent scientists who are giving their full time to their utilization has been developed under the general supervision of the Research and Education Committee of the Attending Staff of the Hospital in cooperation with a similarly designated committee of the Board of Managers. Under the aegis of these Committees, sixty-five different research projects have been under study and investigation in the last year. Studies are being made by members of the Attending Staff who apply for special grants to pursue special problems as well as by full time research men being supported out of the research budget available for this purpose.

These broad activities in research and education can only be carried on as gifts for this purpose are received. To all who have helped in this program of full time research, the Presbyterian Hospital is deeply grateful and trusts that through the continuing generosity of its friends these efforts can be sustained on their present important level and scope.

Statistical Summary for 1948

Hospital

TOTAL ADMISSIONS		14,483
Adults	11,211	
Children (Under fifteen)	1,461	
Newborn	1,811	
TOTAL DAYS' CARE OF PATIENTS		146,945
Full Pay	131,859*	
Part Pay	6,409	
Free (Maternity infants)	690	
Free (Other)	7,987	

*Ward patients who pay quoted rates included as full pay.

OCCUPANCY AND PATIENT DAYS

<i>Number of Beds</i>	<i>Occupancy Percentage</i>		<i>Patient Days</i>	<i>Average Days' Stay</i>

JAMES A. CAMPBELL

- Physiologic diagnostic tests in congenital heart disease. (With R. J. Bing and J. C. Handelsman.) *Mod. Concepts Cardiovas. Dis.* 17: March 1948.
Physiological studies in congenital heart disease. V. The circulation in patients with isolated septal defects. (With J. C. Handelsman, R. J. Bing and H. Griswold.) *Bull. Johns Hopkins Hosp.* 82: 615-632, June 1948.
Physiological studies in congenital heart disease. VI. Adaptations to anoxia in congenital heart disease with cyanosis. (With R. J. Bing, L. D. Vandam, J. C. Handelsman, R. Spencer and H. E. Griswold.) *Bull. Johns Hopkins Hosp.* 83: 439-455, Nov. 1948.
The surgical treatment and the physiopathology of coarctation of the aorta. (With R. J. Bing, J. C. Handelsman, H. E. Griswold and A. Blalock.) *Ann. Surg.* 128: 803-824, Oct. 1948.

PAUL A. CAMPBELL

- Diagnosis and treatment of external otitis. *Illinois M. J.* 93: 98-102, Feb. 1948.
Possible effects of streptomycin upon airman's future. *J. Aviation Med.* 19: 393-396, Oct. 1948.

WARREN H. COLE

- Convalescence; study in physiological recovery of nitrogen metabolism and liver function. (With R. W. Keeton and others.) *Ann. Int. Med.* 28: 521-551, March 1948.
Intestinal obstruction. *Canad. M. A. J.* 58: 241-246, March 1948.
Ligation of splenic artery in patients with portal hypertension. (With T. C. Everston.) *Arch. Surg.* 56: 153-160, Feb. 1948.
National Health Service Act of England and Wales. (With G. E. Burch.) *Am. Pract.* 3: 95-102, Oct. 1948.
Obstruction of common duct by stone. (With Staff.) *Arch. Surg.* 56: 552-560, April 1948.
Strictures of common duct. *Canad. M. A. J.* 58: 582-588, June 1948.
Strictures of common duct; (Moynihan Lecture.) *Ann. Royal Coll. Surgeons England.* 3: 111-122, Sept. 1948.
Strictures of common duct. (With J. T. Reynolds and C. Ireneus, Jr.) *Ann. Surg.* 128: 332-347, Sept. 1948.
Surgical lesions of pancreas. *Nebraska M. J.* 33: 195-202, June 1948.
Use of defunctionalized loop of jejunum in biliary and pancreatic surgery. (With L. W. Peterson.) *Arch. Surg.* 56: 445-458, April 1948.
Vagotomy in treatment of peptic ulcer. (With L. Walter and J. Reynolds.) *South. Surgeon* 13: 870-884, Dec. 1947.
Value of motion pictures in surgical teaching. (With T. Ones.) *Bull. Am. Coll. Surgeons* 33: 21-26, Jan. 1948.

VERNON C. DAVID

Albert Horr Montgomery, 1882-1947. *Proc. Inst. Med. Chicago* 17: 99-101, Apr. 15, 1948.

Life expectancy after radical removal of cancer of the large bowel based on pathological considerations. *Proc. Inst. Med. Chicago* 17: 41-42, Feb. 15, 1948.

Prognosis in carcinoma of bowel. (With R. K. Gilchrist.) *Surg. Gynec. & Obst.* 86: 359-371, March 1948.

CARL B. DAVIS, JR.

Coarctation of the aorta. (With E. H. Fell and R. W. Albi.) *Proc. Inst. Med. Chicago* 17: 142-143, June 15, 1948.

JUSTIN M. DONEGAN

Capillary fragility and cutaneous lymphatic flow in relation to systemic and retinal vascular manifestations: rutin therapy. (With W. A. Thomas.) *Am. J. Ophth.* 31: 671-678, June 1948.

JOHN M. DORSEY

Surgical treatment of perforation of the esophagus. *Arch. Surg.* 56: 24-33, Jan. 1948.

EGBERT H. FELL

Coarctation of the aorta. (With C. B. Davis Jr. and R. W. Albi.) *Proc. Inst. Med. Chicago* 17: 142-143, June 15, 1948.

Intra-abdominal masses in children. *Proc. Inst. Med. Chicago* 17: 165-166, Oct. 15, 1948.

Symposium on minor surgery; foreign bodies. (With F. H. Squire.) *S. Clin. North America* 28: 174-184, Feb. 1948.

STANTON A. FRIEDBERG

Hemoptysis secondary to chronic mediastinal venous obstruction. *Ann. Otol., Rhin., & Laryng.* 57: 897-909, Sept. 1948.

Intranasal extension of pituitary tumors. *Ann. Otol., Rhin., & Laryng.* 57: 1141-1142, Dec. 1948.

Intranasal extension of sellar and parasellar neoplasms. *Laryngoscope* 58: 347-373, May 1948.

R. KENNEDY GILCHRIST

Obstruction due to volculus of colon. *Arch. Surg.* 56: 79-91, Jan. 1948.

Prognosis in carcinoma of bowel. (With V. C. David.) *Surg. Gynec. & Obst.* 86: 359-371, March 1948.

CLIFFORD G. GRULEE

Artificial feeding in infants. (With E. I. Leslie.) In: *The Child in Health and Disease*, by Clifford G. Grulee and R. Cannon Eley. Baltimore, Williams & Wilkins Co., 1948, p. 66-73.

Breast feeding. (With E. I. Leslie.) *Ibid.*, p. 59-66.

The Child in Health and Disease. (With R. Cannon Eley.) Baltimore, Williams & Wilkins Co., 1948. 1066 p.

Pediatric techniques. (With McLemore Birdsong.) In: *The Child in Health and Disease*, By Clifford G. Grulee and R. Cannon Eley. Baltimore, Williams & Wilkins Co., 1948, p. 975-993.

WILLIAM H. HAINES

Commitments under the criminal sexual psychopath law in the Criminal Court of Cook County, Illinois. (With H. R. Hoffman and R. A. Esser.) *Am. J. Psych.* 105: 420-425, Dec. 1948.

C. JACK HARRISON

Brucellosis. In: *The Child in Health and Disease*, by Clifford G. Grulee and R. Cannon Eley. Baltimore, Williams & Wilkins Co., 1948, p. 309-310.

First aid in pediatrics. *Ibid.* p. 970-975.

Kala azar. *Ibid.*, p. 325-327.

GEORGE M. HASS

Comparison of crash injuries in man and in laboratory animals. (With R. F. Rushmer.) *Am. J. Surg.* 76: 44-50, July 1948.

Effect of antifolic acid derivatives on patients with far-advanced carcinomatosis. (With S. G. Taylor III, Danely Slaughter, F. W. Preston and J. Crumrine.) *J. Lab. & Clin. Med.* 33: 1645-1646, Dec. 1948. Also in: *Proc. Central Soc. Clin. Research* 21: 92, 1948.

The preparation and properties of mammalian striated myofibrils. (With Armin Schick.) *J. Lab. & Clin. Med.* 33: 1612-1613, Dec. 1948. Also in: *Proc. Central Soc. Clin. Research* 21: 59, 1948.

A quantitative hypothermal method for production of local injury to tissue. (With C. B. Taylor.) *Arch. Path.* 45: 563-580 May 1948.

Relations between volume of closed hypothermal cerebral lesions and symptoms in rabbits. (With C. B. Taylor and J. Maloney.) *J. Lab. & Clin. Med.* 33: 1462, Nov. 1948. Also in: *Proc. Central Soc. Clin. Research* 21: 12, 1948.

NORRIS J. HECKEL

Endocrine therapy in diseases of the prostate gland. *M. Clin. North America* 32: 111-121, Jan. 1948.

Mixed tumor of kidney; liposmyo-hemangioma. (With G. D. Penick.) *J. Urol.* 59: 572-576, April 1948.

ROBERT H. HERBST

Large retroperitoneal ganglioneuroma in a child. (With F. B. Papierniak and John Payer.) *Proc. Inst. Med. Chicago* 17: 48-49, Feb. 15, 1948.

WILLIAM F. HUGHES

Management of chemical burns of the eyes. *Eye, Ear, Nose & Throat Monthly* 27: 225-229, May 1948.

Results of surgical treatment of congenital cataract. (With W. C. Owens.) *Arch. Ophth.* 39: 339-350, March 1948.

Tolerance of rabbit cornea for various chemical substances. *Bull. Johns Hopkins Hosp.* 82: 338-349, Feb. 1948.

ERNEST E. IRONS

The fate of medicine under socialism and communism. *Tr. Am. Acad. Ophth.* p. 99-106, Nov.-Dec. 1948.

Frank Billings; physician, teacher, medical statesman and citizen. (Frank Billings lecture.) *Bull. Soc. M. Hist. Chicago* 6: 1-8, Oct. 1948.

Report of medical mission to Puerto Rico and to the Virgin Islands. *J. A. M. A.* 136: 979-984, April 10, 1948.

Some Chicago physicians. *Bull. Soc. M. Hist. Chicago* 6: 49-57, Oct. 1948.

AARON E. KANTER

Bilateral simultaneous extrauterine pregnancy. (With R. A. Abrams.) Am. J. Obst. & Gyn. 56: 1198-1200, Dec. 1948.
Shock from posterior pituitary extract. (With A. H. Klawans.) Am. J. Obst. & Gyn. 56: 366-369, Aug. 1948.

ARTHUR H. KLAWANS

Shock from posterior pituitary extract. (With A. E. Kanter.) Am. J. Obst. & Gyn. 56: 366-369, Aug. 1948.

ALVA A. KNIGHT

Studies of the influence of oxyquinolin drugs on growth of endamoeba histolytica as measured in blood iodine levels of man. (With J. Miller.) J. Lab. & Clin. Med. 33: 1632-1633, Dec. 1948.

HERMAN L. KRETSCHMER

Carcinoma of the bladder with bone metastases; report of 8 cases. (With J. H. McDonald.) Surg., Gynec. & Obst. 87: 328-337, Sept. 1948.
Diagnosis and treatment of hydronephrosis. Postgrad. Med. 4: 129-131, Aug. 1948.
Embryoma of the testicle in a five-year old child. Am. J. Surg. 76: 99-101, July 1948.
The incidence and extent of hydronephrosis in prostatic obstruction. (With F. H. Squire.) J. Urol. 60: 1-9, July 1948.
Problems in the diagnosis and treatment of kidney stones. South. Surgeon 14: 619-631, Sept. 1948.
Progress in cancer. Illinois M. J. 94: 171-176, Sept. 1948.
Prostatic surgery and heart disease. (With S. Butler.) J. A. M. A. 136: 441-444, Feb. 14, 1948.
Renal rickets and polycystic disease of the kidney. J. Urol. 59: 773-783, May 1948.

CLAYTON J. LUNDY

A nutritional survey in heart disease. (With R. W. Trimmer.) Am. Prac. 2: 448-450, March 1948.

JAMES W. MERRICKS

Studies on the relation of the pH of the urine to visualization with neoiopax in excretory urography. (With R. Haeger.) Proc. Inst. Med. Chicago 17: 49-50, Feb. 15, 1948.
Urinary tract infections. West Virginia M. J. 44: 157-159, June 1948.

EDWIN M. MILLER

Results of resection of vagus nerve for chronic peptic ulcer. (With J. H. Olwin.) Arch. Surg. 57: 353-360, Sept. 1948.
Malrotation of the colon. Surg., Gynec. & Obst. 87: 235-237, Aug. 1948.

JAMES H. MITCHELL

Epidemic ringworm of the scalp. M. Clin. North America 32: 283-296, Jan. 1948.

CLARENCE W. MONROE

Lymphatic spread of carcinoma of the breast. Arch. Surg. 57: 479-486, Oct. 1948.

JOHN H. OLWIN

Comparative methods for prothrombin assay. Tr. First Conf. on Blood Clotting and Allied Problems. p. 103-114, Feb. 1948.
The effect of absorbable sponge materials on the activity of thrombin. (With F. J. Wahl.) Surg., Gynec. & Obst. 86: 203-212, Feb. 1948.

Effect of dicumarol on ac-globulin and prothrombin activity. (With J. L. Fahey and A. G. Ware.) Proc. Soc. Exper. Biol. & Med. 69: 491-494, Dec. 1948.

Resection of the vagus nerves for chronic peptic ulcer. Hines Hosp. Bull. 1: 13-20, Nov. 1948.

Results of resection of vagus nerve for chronic peptic ulcer. (With Edwin M. Miller.) Arch. Surg. 57: 353-360, Sept. 1948.

ARTHUR H. PARMELEE

Bert I. Beverly, M. D. 1894-1948. Am. J. Dis. Child. 76: 564, Nov. 1948.

Diseases of the newborn. In: *The Child in Health and Disease*, by Clifford G. Grulee and R. Cannon Eley. Baltimore, Williams & Wilkins Co., 1948, p. 121-138.

Mechanism of production of acidosis in premature infants by protein milk. (With W. S. Hoffman and A. Grossman.) Am. J. Dis. Child. 75: 637-659, May 1948.

Physical and physiologic signs of prematurity. Ann. West. Med. & Surg. 2: 71-76, Feb. 1948.

Respiratory disturbances in newborn. Ann. West. Med. & Surg. 2: 408-412, Sept. 1948.

WILBER E. POST

George Elmer Shambaugh, 1869-1947. Proc. Inst. Med. Chicago 17: 123-125, May 15, 1948.

FREDERICK W. PRESTON

The disappearance of uropepsin following total gastrectomy. (With D. C. Balfour and J. L. Bollman.) Gastroenterology 10: 880-882, May 1948.

Effect of antifolic acid derivatives on patients with far-advanced carcinomatosis. (With S. G. Taylor III, Danely Slaughter, J. Crumrine and George Hass.) J. Lab. & Clin. Med. 33: 1645-1646, Dec. 1948. Also in: Proc. Central Soc. Clin. Research 21: 92, 1948.

Effect of sex hormones on advanced carcinoma of the breast. (With S. G. Taylor III, D. P. Slaughter, W. Smejkal and E. F. Fowler.) Cancer 1: 604-617, Nov. 1948.

Treatment of far-advanced inoperable carcinoma of the breast with estrogens and androgens. (With S. G. Taylor III and Danely Slaughter.) J. Clin. Endocrinol. 8: 585, July 1948.

CHARLES B. PUESTOW

Cancer cures in a Veterans Administration Hospital. Hines Hosp. Bull. 1: 1-12, Nov. 1948.

Diagnosis and management of regional enteritis. Postgrad. Med. 4: 47-54, July 1948.

Graduate training in general surgery and the surgical specialties in a Veterans Administration Hospital. Bull. Am. Coll. Surgeons 33: 100-104, June 1948.

Intussusception of the appendix. (With W. E. Looby.) Arch. Surg. 56: 544-551, Apr. 1948.

Resection of the esophagus for persistent stricture. (With S. J. Chess.) Arch. Surg. 56: 34-47, Jan. 1948.

Transthoracic operation for lesions of the esophagus and stomach. Quart. Bull. Indiana Univ. M. Center 10: 51-53, July 1948.

HEYWORTH N. SANFORD

Action of intravenous injections of histamine on the blood of hemophilic children. (With S. Butler and S. R. Kennedy, Jr.) *Am. J. Dis. Child.* 76: 609-615, Dec. 1948.

Blood coagulation and disturbances of blood coagulation. In: *The Child in Health and Disease*, by Clifford G. Grulee and R. Cannon Eley. Baltimore, Williams & Wilkins Co., 1948, p. 456-463.

Disturbances of blood elements. *Ibid.*, p. 463-484.

ARMIN F. SCHICK

The preparation and properties of mammalian striated myofibrils. (With G. M. Hass.) *J. Lab. & Clin. Med.* 33: 1612-1613, Dec. 1948. Also in: *Proc. Central Soc. Clin. Research* 21: 59, 1948.

LOUIS W. SCHULTZ

Labios con hendeduras bilaterales. *Oral Hygiene, Edicion Latino-Americana* 19: 502-509, Sept. 1948.

AGNES A. SHARP

David B. Rotman, M.D. Addresses and papers, 1934-1948. Selected and edited . . . by Agnes A. Sharp, Ph.D. Chicago, The Psychiatric Institute, c1948. 205p.

A note on diagnosis and therapy. *J. Consulting Psychol.* 12: 120-122, Mar.-Apr. 1948.

DANELY P. SLAUGHTER

The association of breast and pelvic disease. (With V. K. Pierce.) *Cancer* 1: 468-471, Sept. 1948.

The diagnosis of accessible cancer. *Illinois M. J.* 93: 134-138, March 1948.

Effect of antifolic acid derivatives on patients with far-advanced carcinomatosis. (With S. G. Taylor III, George Hass, F. W. Preston and J. Crumrine.) *J. Lab. & Clin. Med.* 33: 1645-1646, Dec. 1948. Also in: *Proc. Central Soc. Clin. Research* 21: 92, 1948.

Effect of sex hormones on advanced carcinoma of the breast. (With S. G. Taylor III, W. Smejkal, E. F. Fowler and F. W. Preston.) *Cancer* 1: 604-617, Nov. 1948.

Polyposis (adenomatosis) of the colon. (With P. I. Hoxworth.) *Surgery* 24: 188-211, Aug. 1948.

Superficial tumors of the head and neck area. *S. Clin. of North America* 28: 69-81, Feb. 1948.

Treatment of far-advanced inoperable carcinoma of the breast with estrogens and androgens. (With S. G. Taylor III and F. W. Preston.) *J. Clin. Endocrinology* 8: 585, July 1948.

FAY H. SQUIRE

The incidence and extent of hydronephrosis in prostatic obstruction. (With H. L. Kretschmer.) *J. Urol.* 60: 1-9, July 1948.

Symposium on minor surgery; foreign bodies. (With Egbert Fell.) *S. Clin. North America* 28: 174-184, Feb. 1948.

FRANCIS H. STRAUS

Demonstration of reducing enzyme systems in neoplasms and living mammalian tissues by triphenyl tetrazolium chloride. (With N. D. Cheronis and Elizabeth Straus.) *Science* 108: 113-115, July 30, 1948.

Reducing enzyme systems in living mammalian tissue and neoplasms by triphenyl tetrazolium chloride. (With N. D. Cheronis.) *Proc. Inst. Med. Chicago* 17: 195, Nov. 15, 1948.

CHARLES BRUCE TAYLOR

Adrenal cortex and altitude tolerance. (With F. J. Kottke, et al.) *Am. J. Physiol.* 153: 16-20, April 1948.

Arterial blood gases during pressure breathing at simulated high altitudes. (With F. J. Kottke, et al.) *J. Applied Physiol.* 1: 45-52, July 1948.

A clinical and pathologic study of disseminated lupus erythematosus. *M. Clin. North America* 33: 79-94, Jan. 1949.

Effect of hypoxia upon temperature regulation of mice, dogs and man. (With F. J. Kottke, et al.) *Am. J. Physiol.* 153: 10-15, April 1948.

A quantitative hypothermal method for production of local injury to tissue. (With G. M. Hass.) *Arch. Path.* 45: 563-580, May 1948.

Relations between volumes of closed hypothermal cerebral lesions and symptoms in rabbits. (With G. M. Hass and J. E. Maloney.) *J. Lab. & Clin. Med.* 33: 1462, Nov. 1948. Also in: *Proc. Central Soc. Clin. Research* 21: 12, 1948.

SAMUEL G. TAYLOR III

Effect of antifolic acid derivatives on patients with far-advanced carcinomatosis. (With D. Slaughter, J. Crumrine, F. W. Preston and George Hass.) *J. Lab. & Clin. Med.* 33: 1645-1646, Dec. 1948. Also in: *Proc. Central Soc. Clin. Research* 21: 92, 1948.

The effect of sex hormones on advanced carcinoma of the breast. (With D. P. Slaughter, W. Smejkal, E. F. Fowler and F. W. Preston.) *Cancer* 1: 604-617, Nov. 1948.

Treatment of far-advanced inoperable carcinoma of the breast with estrogens and androgens. (With D. P. Slaughter and F. W. Preston.) *J. Clin. Endocrinol.* 8: 585, July 1948.

FRANK V. THEIS

Incarcerated and strangulated inguinal hernia. (With William Requarth.) *Arch. Surg.* 57: 267-275, Aug. 1948.

Varicose veins and ulcers. *S. Clin. North America* 28: 134-153, Feb. 1948.

WILLIAM A. THOMAS

Capillary fragility and cutaneous lymphatic flow in relation to systemic and retinal vascular manifestations: rutin therapy. (With J. M. Donegan.) *Am. J. Ophth.* 31: 671-678, June 1948.

EUGENE F. TRAUT

Bacterial endocarditis following surgery of the urinary tract. (With C. O. Miller.) *Proc. Inst. Med. Chicago* 17: 120-121, May 15, 1948.

RALPH W. TRIMMER

A nutritional survey in heart disease. (With C. J. Lundy.) *Am. Pract.* 2: 448-450, Mar. 1948.

LINDEN J. WALLNER

The otologic effects of streptomycin therapy. *Ann. Otol., Rhin. & Laryng.* 57: 1148-1149, Dec. 1948.

Balance Sheet

Gifts of Unceasing Value

- \$ 5,000 names a bed in the Children's Ward in perpetuity.
- \$ 5,000 names an adult bed during one life.
- \$ 7,500 names an adult bed in perpetuity.
- \$10,000 names a room in the Private Pavilion as a perpetual memorial.
- \$20,000 names a four-bed ward as a perpetual memorial.
- \$50,000 names a ten-bed ward as a perpetual memorial.

There are other needs for funds for the care of the sick, operation of Central Free Dispensary, and for the Research and Teaching Program, which funds will be expended in accordance with the purpose of the gift. The Board of Managers or the administration of the hospital will be pleased to indicate these needs.

Gifts and Bequests

Gifts and bequests to the Hospital should be made to it in its Corporate name, "The Presbyterian Hospital of the City of Chicago."

*Endorsed by the Chicago Association of Commerce
Subscriptions investigating Committee for the
regular period ending December 31, 1949*

Woman's Board Sponsors Many Activities

Through the cooperation and loyal support of 53 represented churches, an active general membership, and the Winnetka Auxiliary, the Woman's Board of Presbyterian Hospital sponsored numerous worthwhile activities in its 65th year of service to the Hospital.

Receipts for the year totaled \$39,469, of which \$16,828 was spent for various services in the Hospital and the Dispensary, including \$6,452 contributed to different clinics for blood transfusions, special drugs, and other needs of patients. From our current receipts and gifts made directly to the Hospital, \$216,490 was contributed to endowments (see page 3).

A new project in 1948 was the Ida B. Graham Memorial Fund, established in memory of Mrs. David W. Graham, who gave long and distinguished service to our Board and Hospital. Interest from this fund is to be used for scholarships, convalescent care, and other needs of graduate nurses. Our 1948 Thanksgiving offering was allocated to this fund and with other gifts made a total of \$7,000.

We continued to support the Hospital Library which circulated over 21,000 books and 16,000 periodicals. Magnavox concerts in the Library drew appreciative listeners and a special project of the Library Committee was the expansion of the fiction library in the Nurses' Home.

For our children's work in the Hospital, Tag Day brought \$2,889; the Babies Alumni, \$702; and the Child's Free Bed Fund offerings from 68 Sunday Schools, \$4,272.

The Winnetka Auxiliary contributed \$2,201 to the general fund of the Woman's Board and \$5,160.50 to the Barbara Ann Smith Memorial, making a total of \$9,360 in the latter fund for a Teen-Age Girls' Ward.

The School of Nursing Committee gave teas for students and provided reference books, projector and slides for classroom use, two Missionary Nurse scholarships, one postgraduate scholarship, and honor awards of \$100 each to two 1948 graduates, selected as the best all-around nurses.

We expanded our support of Social Service Department activities, had an average of 57 volunteers per month who gave much needed service in the Hospital, maintained the Gift Shop, provided jelly and fruit juice for ward patients, and sewed over 11,000 articles for use in the Hospital.

Not the least of our contributions is the spreading of information and the building of goodwill through orientation tours in the Hospital, talks at our regular meetings by department heads and members of the Medical Staff, and talks given at Thanksgiving teas and before other groups.
